

Accountability for Learning Agreement

**East High School
Green Bay, Wisconsin
2010-2011 School Year**

Dear Students and Parents of East High School,

On behalf of all the teachers, faculty and staff of East, welcome to the 2010-11 School Year. As principal it is my responsibility to ensure that all of our students have the very best opportunities for learning and that all of our parents and families have satisfactory and respectful experiences and interactions with our school.

While the greatest level of responsibility for what occurs in our school and classrooms rests on the staff and on me, student learning happens best when all of us – students, parents and school staff together understand and do our best to fulfill the expectations we have for ourselves and each other. To strengthen that partnership I offer and ask the following:

East High School Commitment

On behalf of the teachers, administrators and support staff, I pledge that:

- We will be working tirelessly and with complete professionalism to provide all students the outstanding, challenging and rigorous education they deserve.
- We will treat all students, parents and family members with courtesy and respect.
- We will communicate regularly with students and families regarding student progress and achievement.
- We will always work to provide a physically and emotionally safe environment for students.

Parents and Guardian Commitment

To ensure a productive home/school partnership and the necessary home support for learning we ask that:

- You provide for the physical and emotional needs of your child to the very best of your ability so that he/she is prepared for school every day.
- You communicate frequently and positively with your child's teachers and administrators.
- You encourage and demonstrate a positive and supportive attitude toward your child's learning in and out of school.

Student Commitment

So that teachers, staff and parents/guardians can be sure that you make the most of your education we ask that:

- You come to school every day and on time for every class. (Illness and emergencies excepted of course)
- You follow all the rules and expectations that are presented to you so that we have a safe and well-controlled learning environment for everyone.
- You participate fully and to the best of your ability in all classes and do all assignments as directed by your teachers.
